Digital transformation & Digital skills

Digital disruption is everywhere. Whether you are doing your shopping, listening to music, traveling or communicating, the chances are you are making use of digital services in one form or another.

The lack of capability in digital transformation is the main reason that over **50% of the companies** on the Fortune 500 list have disappeared since 2000

The image shows a screenshot of the Dutch government's DigiD login page. At the top, there are language options 'EN' and 'NL', and the Dutch coat of arms. Below that, it says 'Inloggen bij Mijn DigiD'. The main heading is 'Hoe wilt u inloggen?'. There are three options: 'Met de DigiD app' (with an icon of a hand holding a phone), 'Met gebruikersnaam en wachtwoord', and 'Met mijn identiteitskaart'. Each option has a right-pointing arrow. At the bottom, there is a link for 'Nog geen DigiD? Vraag uw DigiD aan'.
